LIST OF FIGURES*

SECTION I
Figure 1.1 Survey Respondents by Region
Figure 1.2 Scope of Business
Figure 1.3 Size of Organization
Figure 1.4 Respondent Job Functions

SECTION II
Figure 2.1 Use of Private Circuits
Figure 2.2 Use of Frame Relay Services
Figure 2.3 Use of ATM Services
Figure 2.4 Use of Ethernet Services From a Service Provider
Figure 2.5 Use of IP VPNs From a Service Provider

SECTION III
Figure 3.1 Attractions of Using Carrier Ethernet Service (All Respondents)
Figure 3.2 Potential Deterrents to Using Carrier Ethernet Service (All Respondents)
Figure 3.3 Attractions of Using Carrier Ethernet Service (Large Enterprises)
Figure 3.4 Potential Deterrents to Using Carrier Ethernet Service (Large Enterprises)
Figure 3.5 Factors That Influenced Decisions Not to Use Ethernet
Figure 3.6 Factors That Could Convert Users to Ethernet Service

SECTION IV
Figure 4.1 Attitudes Toward Ethernet Virtual Private Line Service (All Respondents)
Figure 4.2 Attitudes Toward Ethernet Virtual Private Line Service (Large Enterprises)
Figure 4.3 Price/Performance Switchover Points to Ethernet Service (All Respondents)
Figure 4.4 Price/Performance Switchover Points to Ethernet Service (Large Enterprises)
Figure 4.5 Perceived Risk of Ethernet Private Lines (All Respondents)
Figure 4.6 Perceived Risk of Ethernet Virtual Private Lines (All Respondents)
Figure 4.7 Perceived Risk of Ethernet Private LANs (All Respondents)
Figure 4.8 Perceived Risk of Ethernet Virtual Private LANs (All Respondents)
Figure 4.9 Perceived Risk of Ethernet Private Lines (Large Enterprises)
Figure 4.10 Perceived Risk of Ethernet Virtual Private Lines (Large Enterprises)
Figure 4.11 Perceived Risk of Ethernet Private LANs (Large Enterprises)
Figure 4.12 Perceived Risk of Ethernet Virtual Private LANs (Large Enterprises)

SECTION V
Figure 5.1 Service Interworking
Figure 5.2 Network Interworking
Figure 5.3 Importance of Service Interworking (All Respondents)
Figure 5.4 Importance of Service Interworking (Small to Medium Enterprises)
Figure 5.5 Importance of Service Interworking (Large Enterprises)
Figure 5.6 Importance of Service Interworking (10 Sites or Fewer)
Figure 5.7 Importance of Service Interworking (More Than 10 Sites)

* All charts and figures in this report are original to Heavy Reading.
SECTION VI

Figure 6.1 Relative Importance of Performance Factors (All Respondents)
Figure 6.2 Relative Importance of Performance Factors (Small to Medium Enterprises)
Figure 6.3 Relative Importance of Performance Factors (Large Enterprises)
Figure 6.4 Acceptable Price Premium for Ethernet QOS
Figure 6.5 Perceived Protection Needs for Ethernet Service
Figure 6.6 Acceptable Price Premium for Carrier-Managed Protection Service

APPENDIX A

Figure A.1 Respondent Company by Size
