LIST OF FIGURES*

SECTION I

SECTION II

Figure 2.1 Europe and the U.S. Compared ................................................................. 8
Figure 2.2 Broadband Household Penetration, December 2004 ............................ 10
Figure 2.3 Year-on-Year Growth, Selected Countries, 2003-2004 ......................... 11
Figure 2.4 Cable Network Penetration by Country (Homes Passed) ....................... 11
Figure 2.5 Cable Modems vs. DSL ........................................................................... 12
Figure 2.6 Relationship Between Cable TV and Cable Modem Penetration .......... 13
Figure 2.7 Europe's Top Ten Broadband Service Providers, December 2004 ....... 15
Figure 2.8 Incumbent Telco Share of Broadband Market, End of 2004 ................. 15
Figure 2.9 How Much Bandwidth – The View From History .................................. 16
Figure 2.10 Broadband Speed Leaders (Selected Providers) .................................... 17
Figure 2.11 How Much Bandwidth? Three Views on Medium-Term Requirements 17
Figure 2.12 TV and VOD Services (Launched and Planned) ................................... 18
Figure 2.13 Triple-Play Customers, Selected Cable MSOs in Europe ..................... 19
Figure 2.14 U.S. and European Loops Compared ..................................................... 21
Figure 2.15 Percent of Local Loops That Can Accommodate DSL Types .......... 22
Figure 2.16 Operator Plans for Next-Generation Broadband Services .................. 25

SECTION III

Figure 3.1 The Developing S-Curve – Household Penetration to Date, Europe ...... 27
Figure 3.2 European Forecast for Broadband Subscribers, 2005-2010 ................... 29
Figure 3.3 Broadband Household Penetration, 2000-2009 .................................... 30
Figure 3.4 Broadband Household Penetration 2004-2009 ...................................... 30
Figure 3.5 Changes in Overall Share by Country, 2004 and 2009 ......................... 31
Figure 3.6 Broadband Subscribers by Access Technology ..................................... 32
Figure 3.7 Broadband Subscribers by Speed of Downstream Connection ............ 32

SECTION IV

Figure 4.1 U.K. Broadband in Brief ................................................................. 33
Figure 4.2 Proposed Access Network Evolution Options ..................................... 34
Figure 4.3 France Broadband in Brief ................................................................. 37
Figure 4.4 Germany Broadband in Brief ................................................................. 39
Figure 4.5 Italy Broadband in Brief ......................................................................... 41
Figure 4.6 Spain Broadband in Brief ....................................................................... 44
Figure 4.7 Telefónica's Strategic Architecture ......................................................... 46
Figure 4.8 Netherlands Broadband in Brief ............................................................. 46
Figure 4.9 Switzerland Broadband in Brief .............................................................. 49
Figure 4.10 Sweden Broadband in Brief ................................................................. 51
Figure 4.11 Belgium Broadband in Brief ................................................................. 55
Figure 4.12 Austria Broadband in Brief ................................................................. 56
Figure 4.13 Denmark Broadband in Brief ............................................................... 57
