LIST OF FIGURES*

SECTION I

Figure 1.1 Selected Providers of VOIP Services ........................................................ 4
Figure 1.2 The VOIP Opportunity ............................................................................... 8
Figure 1.3 VOIP Strategies by Service Provider Type................................................ 8

SECTION II

Figure 2.1 Respondents by Service Provider Type .................................................. 12
Figure 2.2 Respondents by Geographic Region....................................................... 13
Figure 2.3 Respondents by Job Function ................................................................. 13

SECTION III

Figure 3.1 Service Provider VOIP Deployment Plans .............................................. 14
Figure 3.2 VOIP Traffic Today .................................................................................. 14
Figure 3.3 Core VOIP Traffic by Service Provider Type .......................................... 15
Figure 3.4 Expected Growth in VOIP Traffic ............................................................. 15
Figure 3.5 VOIP Traffic Growth by Service Provider Type ....................................... 16
Figure 3.6 VOIP Equipment in Use or Planned ........................................................ 16
Figure 3.7 Integrated Softswitch Deployment, U.S. and Europe Compared ............ 18
Figure 3.8 Technical Basis for VOIP Service ............................................................ 18
Figure 3.9 Current and Planned Deployment of VOIP Terminals ......................... 19
Figure 3.10 Plans to Include Advanced VOIP Features ............................................ 19

SECTION IV

Figure 4.1 Catalysts for VOIP Deployment ............................................................ 20
Figure 4.2 Expected Changes in the Structure of Telephone Service Pricing ............ 21
Figure 4.3 Perceived Barriers to VOIP ................................................................. 22
Figure 4.4 Attitudes Toward VOIP QOS ................................................................. 23
Figure 4.5 Perceptions of VOIP Opportunity by Customer Type .............................. 24
Figure 4.6 Perceptions of VOIP Opportunity by Service Provider Type ................. 24
Figure 4.7 The Future of Enterprise Telephony Services ......................................... 25
Figure 4.8 Expected Capex Savings ........................................................................ 25
Figure 4.9 Expected Opex Savings .......................................................................... 26
Figure 4.10 Service Provider Winners ..................................................................... 26
Figure 4.11 Vendor Winners .................................................................................... 27
Figure 4.12 Telephony Market Migration Scenarios ............................................... 27
Figure 4.13 Attitudes About Migration Scenarios by Region .................................... 28
