LIST OF FIGURES*

SECTION I
Figure 1.1 Willingness of Enterprises to Use MSOs for Commercial Services .......................6

SECTION II
Figure 2.1 Top Cable MSOs by Subscriber Totals, 2004......................................................12

SECTION III
Figure 3.1 Diagram of Available Spectrum in Cable Plant ....................................................17
Figure 3.2 The DOCSIS Roadmap........................................................................................18
Figure 3.3 HFC vs. PON Operations Metrics .................................................................21

SECTION IV
Figure 4.1 Percentage of Respondents by Vertical Industry .................................................23
Figure 4.2 Percentage of Respondents by Company Size (Total Employees) .....................23
Figure 4.3 Percentage of Respondents by Monthly Telecom Expenditures .......................24
Figure 4.4 Next-Generation Services Plans Over the Next 24 Months .............................24
Figure 4.5 Respondent Awareness of Cable MSO Commercial Services ............................25
Figure 4.6 Trust Ratings of Telecom Service Provider Types ............................................26
Figure 4.7 Respondent Willingness to Use MSOs for Commercial Services.....................26
Figure 4.8 Respondent Reasons for Not Using Cable MSOs .............................................27
Figure 4.9 Single Biggest Reason for Not Using Cable MSOs ...........................................27
Figure 4.10 Main Reasons for Using/Considering Cable MSOs ..........................................28
Figure 4.11 Single Biggest Reason for Using/Considering Cable MSOs ...............................29
Figure 4.12 Primary Service Preferences for MSOs ............................................................29
Figure 4.13 Percentage of Respondents by Monthly Telecom Expenditures ....................29
Figure 4.14 SME Trust Ratings of Telecom Service Provider Types .................................30
Figure 4.15 SME Willingness to Use MSOs for Commercial Services ...............................31
Figure 4.16 SME Main Reasons for Using/Considering Cable MSOs ................................32
Figure 4.17 SME Primary Service Preferences for MSOs....................................................32

SECTION V
Figure 5.1 Cablevision Cable Revenue by Source, 2002-3Q05 ($M) ................................33
Figure 5.2 Cablevision Cable Revenue Share by Source, 2002-3Q05 (%) .............................33
Figure 5.3 Cablevision Lightpath Backbone Network .........................................................34
Figure 5.4 Charter Cable Revenue by Source, 2002-3Q05 ($M) ..........................................37
Figure 5.5 Charter Cable Revenue Share by Source, 2002-3Q05 (%) ...................................37
Figure 5.6 Comcast Cable Revenue by Source, 2002-2004 ($M) ........................................39
Figure 5.7 Comcast Cable Revenue Share by Source, 2002-2004 (%) ...............................39
Figure 5.8 Comcast Teleworker Cable Modem Packages ..................................................41
Figure 5.9 Comcast CBONE Backbone Network .................................................................42
Figure 5.10 Cox Cable Revenue by Source, 2002-3Q05 ($M) ............................................43
Figure 5.11 Cox Cable Revenue Share by Source, 2002-3Q05 (%) .......................................44
Figure 5.12 Cox Commercial Services for Business ............................................................45
Figure 5.13 Time Warner Cable Revenue by Source, 2002-3Q05 ($M) ...............................46
Figure 5.14 Time Warner Cable Revenue Share by Source, 2002-3Q05 (%) ........................46
Figure 5.15 Time Warner Cable Business Services Footprint .............................................47
Figure 5.16 Time Warner Cable Business Class Service SLAs............................................49

SECTION VI
Figure 6.1 Nortel VOIP Cable MSO Wins .........................................................................59
Figure 6.2 Nortel Optical Cable MSO Wins .......................................................................60
