LIST OF FIGURES*

SECTION I

SECTION II

Figure 2.1: Sampling of 40G Deployments Around the World ........................................ 7
Figure 2.2: Drivers for 100G Deployments .................................................................... 8
Figure 2.3: 100G System Factors ................................................................................ 8
Figure 2.4: Pricing Expectations for 100G Transceivers vs. 10G Transceivers ............... 9
Figure 2.5: What Impact Will 100G Have on Your Company's Five-Year Capex Plan? ... 9
Figure 2.6: How Far Along Is Your Company in Evaluating Possible 100G Suppliers? .. 10
Figure 2.7: When Will Your Company Make Purchasing Decisions Regarding 100G? .. 10
Figure 2.8: 40G/100G Mapping Into ITU Optical Transport ......................................... 12
Figure 2.9: High-Speed Modulation Formats & Descriptions ....................................... 13
Figure 2.10: 100G Commercial Announcements Roundup ............................................ 14
Figure 2.11: 100G Operator Trial Announcements Roundup ......................................... 15

SECTION III

Figure 3.1: Worldwide Long-Haul DWDM Line-Side Port Shipments by Speed .......... 16
Figure 3.2: Worldwide Long-Haul DWDM Line-Side Port Share by Speed ................. 17
Figure 3.3: Worldwide Long-Haul DWDM Share of Line-Side Capacity by Speed ....... 17
Figure 3.4: Worldwide Long-Haul DWDM High-Speed Line-Side Port Share .......... 17
Figure 3.5: Worldwide Long-Haul DWDM Line-Side Revenue by Speed .................... 18
Figure 3.6: Worldwide Long-Haul DWDM Line-Side Revenue Share by Speed .......... 18
Figure 3.7: Worldwide Long-Haul DWDM Client-Side Port Shipments by Speed ....... 19
Figure 3.8: Worldwide Long-Haul DWDM Client-Side Port Share by Speed ............... 19
Figure 3.9: Worldwide Metro DWDM Line-Side Port Shipments by Speed ................. 20
Figure 3.10: 40G Line-Side Port Share by DWDM Segment ...................................... 20
Figure 3.11: 100G Line-Side Port Share by DWDM Segment ...................................... 21

SECTION IV

Figure 4.1: Alcatel-Lucent 100G Customer, Trial & Demonstration Activity ............... 22
Figure 4.2: Ciena 100G Customer, Trial & Demonstration Activity ............................ 24
Figure 4.3: Huawei 100G Trial Activity ..................................................................... 26
Figure 4.4: Infinera 100G Trial Activity ..................................................................... 28
Figure 4.5: NEC 100G Trial Activity .......................................................................... 29
Figure 4.6: NSN 100G Trial Activity .......................................................................... 30
Figure 4.7: Additional 40/100G DWDM Systems Suppliers ...................................... 30
