LIST OF FIGURES

SECTION I

SECTION II
Figure 2.1: EPL & EVPL Architectures ................................................................. 9

SECTION III

SECTION IV
Figure 4.1: AT&T Ethernet Services ................................................................. 19
Figure 4.2: Verizon Optical Network Service ...................................................... 31
Figure 4.3: Verizon Transparent LAN Service ...................................................... 31

SECTION V
Figure 5.1: U.S. Wholesale Public Ethernet Market ............................................. 38
Figure 5.2: Wholesale Ethernet Market by Buyer Type ........................................ 39
Figure 5.3: Wholesale Ethernet Revenue Share by Buyer Type ................................ 39
Figure 5.4: Wholesale Ethernet Market by Topology .......................................... 40
Figure 5.5: Wholesale Ethernet Revenue Share by Topology .............................. 41
Figure 5.6: Wholesale Ethernet Market by Regional Domain .............................. 42
Figure 5.7: Wholesale Ethernet Revenue Share by Regional Domain .................. 42
Figure 5.8: Backhaul Capacity Requirements at the Cell Site ............................ 42
Figure 5.9: Wholesale Ethernet Revenues by Bandwidth Level ............................ 43
Figure 5.10: Wholesale Ethernet Revenue Share by Bandwidth Level .................. 44
