LIST OF FIGURES*

SECTION I

SECTION II

Figure 2.1: Global IP Traffic, 2012-2017 ................................................................. 7
Figure 2.2: Next-Generation Bit Rate Historical Timeline ........................................ 8
Figure 2.3: Worldwide 100G DWDM Systems Vendor Share, 2013 ....................... 13

SECTION III

Figure 3.1: Flexible Modulation Formats Applied to 2Tbit/s Super Channels .......... 15
Figure 3.2: Illustration of Flexible Spectrum Architecture ..................................... 16

SECTION IV

Figure 4.1: Worldwide Long-Haul DWDM Revenue by Port Speed ....................... 18
Figure 4.2: Worldwide Long-Haul DWDM Revenue Share by Port Speed ............... 19
Figure 4.3: Worldwide Long-Haul DWDM Line-Side Port Shipments by Speed ...... 19
Figure 4.4: Worldwide Long-Haul DWDM Line-Side Port Share by Port Speed ...... 20
Figure 4.5: Worldwide Long-Haul DWDM Line-Side Capacity Shipped by Port Speed.. 21
Figure 4.6: Worldwide Metro DWDM Revenue by Port Speed ............................... 21
Figure 4.7: Worldwide Metro DWDM Revenue Share by Port Speed ...................... 22
Figure 4.8: Worldwide Metro DWDM Line-Side Port Shipments by Speed .......... 23
Figure 4.9: Worldwide Metro DWDM Line-Side Port Share by Port Speed ............ 24
Figure 4.10: Worldwide Metro DWDM Line-Side Capacity Shipped by Port Speed ...... 24

SECTION V

Figure 5.1: Alcatel-Lucent 1830 PSS-64 & 1830 PSS-36 ........................................... 27
Figure 5.2: Cisco 100G Optical Transport Lines ....................................................... 31
Figure 5.3: Huawei OSN 8800 Line ....................................................................... 35
Figure 5.4: Infinera DTN-X ................................................................................. 36
